OCTALUMINA - SET HIGHLIGHTS

OCTALUMINA   stands for absolutely shadowfree illumination and excellence that will make your company shine. Our high-quality components made from anodized aluminium are dimensionally stable, long-lived, and aesthetically pleasing. Lateral feed-in or backlighting with Power LEDs ensure a homogeneous illumination and long operating times at low power consumption. Free-standing with base plates, wall mounted or suspended from the ceiling; room in room, counter, cabin, or corner solutions; single or double-sided illumination: no problem.

OCTAQUICK EXHIBITS

Participating in exhibitions requires an investment of time and money. OCTAquick has been designed to help you achieve maximum benefits with minimal commitment to the time and cost required to build and dismantle your exhibit. OCTAquick's portable exhibition system can be assembled in minutes by unskilled personnel and can be transported in an estate car or courier. The system comprises four basic modules for the construction of displays that range from a simple panel wall to a medium sized exhibit complete with lights. With OCTAquick's high quality components and stylish design, your do-it-yourself exhibit will have a professional appearance that offers impact and effectiveness.

OCTACOUNTER AND OCTALUMINA COUNTER

The sturdy, robust OCTAcounter is assembled easily and without tools. Graphics and a privacy screen are easily added and the optional doors are lockable. Units can be connected for larger reception counters. The OCTAcounter fabric simply unfolds. Drop in the shelves and counter top, and you are ready for your presentation. The OCTALUMINA Counter captivates with its illuminated front: the OCTALUMINA 80 frame is the perfect eye-catcher. The LED modules and power supply unit are pre-assembled and the side panels fold in. Simple, easy and powerful!
