## What was said about the fair Theatre Tech 2015:

### Martina Sznapkova - Gerriets CZ s. r. o.

The fair should be shorter – either fewer days or once in two years. It should involve other association and we would also appreciate a richer supporting programme (e.g. engagement of universities).

### Miroslav Krčma - GRADIOR TECH a. s.

This is a specific trade fair and the number of visitors corresponded to this. On Thursday (expert day) those who we wanted to be here came. We would appreciate if the fair was shorter.

### Sidon Schlehr - Tüchler

We were satisfied, the fair should be shorter.

### Richard Tlaskal - Art Lighting Production s. r. o.

We are very satisfied with the approach of BVV Trade Fairs Brno. We would appreciate closer focus on theatres and more exclusive supporting programme introducing innovations in this field.

### Aleš Pitrun - SUNINVENT

In our view, the fair might be expanded by the field of production.
