

INTERNATIONAL FAIR FOR ANIMAL PRODUCTION NATIONAL SHOW OF LIVESTOCK

12 – 15 MAY 2019
(Sunday-Wednesday)

BRNO EXHIBITION CENTRE

Concurrent exhibition:

www.animaltech.cz

A new concept since 2017 – focusing on livestock production

- The International Fair for Animal Production ANIMAL TECH is linked to the National Show of Livestock
- **More specialised visitors** thanks to the show separation from the dog and cat show
- Connecting breeders, breeders' associations with the exhibition stands of their suppliers **in a single place**
- Greater marketing space to **promote exhibitors** and their products
- Two-year cycle of **specialised exhibitions** focused on livestock **production and breeding**
- Starting in 2019, the show takes place from Sunday to Wednesday

Take advantage of the unique atmosphere at the exhibition!

Meet the breeders, farmers, veterinary surgeons and zootechnicians.

Introduce your new innovations, products and technologies in 3 halls and outdoor spaces.

New business opportunities

Almost **200 Czech and foreign exhibitors coming to the exhibition** offer breeding technologies, veterinary and reproduction equipment, feed and medical preparations for livestock and agricultural machinery.

Almost **300 livestock breeders are present throughout the show.**

Successful year 2017:

- **188 exhibitors** from 9 countries, an increase by 22% compared to 2015
- **277 breeders of cattle**, sheep, goats, pigs and horses
- Exhibition area - 6,282 m² - by 30% more than in 2015
- Livestock show area - 17,450 m²
- **37,447 visitors** from 33 countries
- Incoming missions from the third countries
- 8th Central European Veterinary Congress attended by 150 veterinarians

Attractive sideline programmes:

- **National Beef Cattle Championships**
- **National Holstein Cattle Championship**
- **Czech Fleckvieh Cattle Show**
- **National Dairy Cow Championships**
- Presentations of sheep, goat and pig collections
- Bee-keeping exhibition
- Czech foodstuffs presentation
- John Deere Western ranch
