- 38.1. Seed of forest trees
- 38.2. Bare-rooted and containerized seedlings and plants
- 38.3. Bare-rooted and containerized large plants and saplings
- 38.99. Seed and seedling materials for forestry and city verdure other

39 Machinery and equipment for the disposal of exploitation remnants

- 39.1. Machines for logging slash removal/disposal
- 39.2. Machines for stump and tree grubbing
- 39.3. Forestry stumpers
- 39.99. Machinery and equipment for the disposal of exploitation remnants other

40 Machines and equipment for forest nurseries

- 40.1. Machines for soil preparation in forest nurseries
- 40.2. Seed-drills for forest nurseries
- 40.3. Lining-out machines
- 40.4. Machines for root undercutting
- 40.5. Machines for mechanical treatment of plants
- 40.6. Machines and aids for pesticide application in forest nurseries
- 40.7. Irrigation systems
- 40.8. Machines and equipment for the production of container-grown plants
- 40.9. Machines and equipment for plant harvesting, handling, transport and storage
- 40.10. Machines and equipment for compost production
- 40.11. Special tool carriers for forest nurseries (tool carriers, small-sized tractors)
- 40.12. Glasshouses and plastic greenhouses
- 40.99. Machines and equipment for forest nurseries other

41 Machines and tools for forest regeneration

- 41.1. Manual tools
- 41.2. Machines for undesirable advance growth disposal
- 41.3. Machines for soil preparation
- 41.4. Planting machines
- 41.5. Machines for mechanical and chemical reclamation of forest soils
- 41.99. Machines and tools for forest regeneration other

42 Machines and tools for the treatment and protection of young plantations and stands

- 42.1. Manual tools for forest weed cutting and advance growth disposal
- 42.2. Motor-manual machines for mechanical treatment and protection of young plantations
- 42.3. Ground applicators of pesticides
- 42.4. Aerial applicators
- 42.5. Pheromone traps
- 42.6. Machines and equipment for fertilization of young forest plantations and stands
- 42.7. Machines for city verdure planting and maintenance
- 42.8. Machines, equipment and aids for tree surgery
- 42.99. Machines and tools for the treatment and protection of young plantations and stands other

43 Machines and tools for tending young forest stands

- 43.1. Manual tools
- 43.2. Manual motor machines
- 43.3. Power saws for tending young forest stands
- 43.4. Brush cutters
- 43.5. Motor-manual machines other
- 43.6. Attached and self-propelled machines
- 43.7. Machines for stand pruning
- 43.99. Machines and tools for tending young forest stands other

44 Machines and equipment for Christmas tree growing and sale

- 44.1. Machines for the plantation methods of Christmas tree growing
- 44.2. Machines for Christmas tree treatment and packing
- 44.99. Machines and equipment for Christmas tree growing and sale other

45 Machines and tools for logging operations

- 45.1. Manual tools and aids for logging operations
- 45.2. Power saws and their accessories for logging operations
- 45.3. Single-purpose and multioperational logging machines
- 45.4. Chippers
- 45.5. Mobile barking and cross-cutting machines
- 45.99. Machines and tools for logging operations other

46 Machines for skidding operations

- 46.1. Cable, chain and textile chokers, cables, blocks, accessories
- 46.2. Tractor winches
- 46.3. Self-propelled and portable winches
- 46.4. Forest cableways and their parts
- 46.5. General-purpose wheel tractors and their adaptations for forestry production
- 46.6. Special wheel skidders and prime movers
- 46.7. Forwarders
- 46.8. Equipment for horse skidding
- 46.99. Machines for skidding operations other

47 Machines for timber hauling

- 47.1. Lorries, prime movers and their accessories
- 47.2. Saddle trailers, trailers, semi-trailers, bunks and containers
- 47.3. Hydraulic cranes and other handling equipment
- 47.4. Loaders for forestry
- 47.5. Binding and fixing equipment
- 47.99. Machines for timber hauling other

48 Machines and equipment for operational maintenance of forestry machines

- 48.1. Measuring and diagnostic devices for forestry management
- 48.2. Service equipment for forestry management
- 48.3. Washing lines for forestry management
- 48.4. Technology of maintenance activities for forestry management
- 48.99. Machines and equipment for operational maintenance of forestry machines other

49 Machines and equipment for timberyards

- 49.1. Timberyard winches and conveyers
- 49.2. Cranes
- 49.3. Front-end loaders and high-lift trucks
- 49.4. Barking machines
- 49.5. Cross-cutters
- 49.6. Cleaving machines
- 49.7. Handling lines, machine sets and accessories
- 49.8. Measuring equipment and detectors of metals
- 49.9. Equipment for long-term storage of wood
- 49.99. Machines and equipment for timberyards other

50 Machines and equipment for minor forestry production

- 50.1. Mobile saws for log breakdown
- 50.2. Sawmill technologies for lumber production
- 50.2.1. Round timber cutting and deeping machines
- 50.2.2. Lumber transport, sorting and stacking equipment
- 50.3. Driers, equipment and accessories for solid timber steaming and preservation
- 50.99.1. Machines and equipment for minor forestry production other

51 Chemicals for forestry

- 51.1. Pesticides for forestry management
- 51.2. Repellents
- 51.3. Pheromones
- 51.4. Fertilisers for forestry management
- 51.99. Chemicals for forestry other

52 Fuels and lubricants for machines in forestry

- 52.1. Mineral fuels and lubricants for forestry
- 52.2. Biological fuels and lubricants for forestry management
- 52.99. Fuels and lubricants for machines in forestry other

53 Mobile machines and accessories in forestry

- 53.1. Wheels, tyres, belts
- 53.2. Steering and control equipment
- 53.3. Off-road vehicles for the transportation of persons and material
- 53.99. Mobile machines and accessories in forestry other

54 Machines for forest engineering

- 54.1. Machines for the construction and maintenance of a forest road network
- 54.99. Machines for forest engineering other

55 Measuring, detection, control and communication devices in forestry

- 55.1. Surveyor's instruments
- 55.2. Hardware and software for forestry management
- 55.3. Furnishings for specialised laboratories for forestry management
- 55.4. Rating instruments
- 55.5. Communication devices in forestry
- 55.99. Measuring, detection, control and communication devices in forestry other

56 Means for occupational safety in forestry

- 56.1. Personal protection means, clothing and aids for forestry management
- 56.99. Means for occupational safety in forestry other

57 Game management services and aids

- 57.1. Game keeping and hunting
- 57.2. Catchers and traps
- 57.3. Lures
- 57.4. Game fattening up
- 57.5. Hunting arms
- 57.6. Hunting ammunition
- 57.7. Hunting optics
- 57.8. Services and hunting offices
- 57.9. Clothing and tackle for hunters
- 57.10. Trophies
- 57.11. Aids for taxidermists
- 57.12. Taxidermy of trophies
- 57.13. Plates and carved works
- 57.14. Works of art
- 57.15. Construction of mangers and hides
- 57.16. Books, journals, video cassettes, CD with hunting themes
- 57.99. Game management services and aids other

58 Research, education, services and literature in forestry

- 58.1. Non-wood-producing functions of forests
- 58.2. Forest research
- 58.3. Forestry education
- 58.4. Consultancy in forestry
- 58.5. Forest management and forest policy
- 58.6. National and international technical standards for forestry management
- 58.7. Expert forestry literature
- 58.8. Commercial companies in forestry
- 58.9. Legislation in forestry
- 58.10. Repairs and maintenance service of forest machinery
- 58.11. Testing laboratories for forest machines and equipment
- 58.12. Federations, associations, the state administration in forestry management
- 58.13. Professional forestry organizations
- 58.14. Financing, crediting and leasing
- 58.15. Export and import of timber and wood-based products
- 58.16. Forest machinery manufacture and trade in the Czech Republic
- 58.99. Research, education, services and literature in forestry other
