

## AGENCY AGREEMENT

**Exhibitor:** .....  
(Company name and address)

**Agent:** **OMNIPOL a. s., Nekazanka 11, 112 21 Praha 1, Czech Republic**  
(Authorized by the IDET 2013 Exhibition Organizer as the Agent of the Exhibitor),  
Represented by Mr. **Milan JUREK** – Vice-President for Sales

The parties have agreed following conditions of co-operation related to the Exhibitor's participation at IDET 2019 International Fair.

1. The Exhibitor appoints the Agent to do all necessary steps required for the temporary import of **military equipment listed in the List of Exhibits** to the Czech Republic for display at the exhibition stand of ..... (the Exhibitor) during the IDET 2019 international exhibition held in Brno between May 29 and 31, 2019. The Exhibitor confirms that details of the military equipment in the List of Exhibits are complete and correct.
2. The Exhibitor will send all documents required for the temporary import license to the Agent no later than **March 15, 2019**. In case of delayed documents the Agent shall not be responsible for the in-time issuing of the temporary import license.
3. The Exhibitor confirms that the military equipment listed in the List of Exhibits will be used only for the display purposes at the IDET 2019 exhibition.
4. The Exhibitor confirms that his military equipment according to the temporary import license will be re-exported immediately after the IDET 2019 exhibition but no later than June 10, 2019.
5. The Agent will ensure all formalities required for obtaining the temporary import license for the military equipment of the Exhibitor in accordance with the laws of the Czech Republic.
6. The Agent provide the above mentioned service free of charge.
7. In all other conditions both parties accept valid License Instruction issued by the Organizer of the IDET 2019 exhibition.

This Agency Agreement comes into force after its signing by all parties.

## Form 1

### IDET 2019 Exhibition, Brno (May 29 – 31, 2019)

## Declaration of Military Material IDET 2019 Exhibition

Please provide the following information about your company:

1. Company name: .....

2. Country: .....

3. Company address: .....

4. Contact person: .....

Telephone: ..... Fax: ..... e-mail:.....

We hereby declare that all exhibits of military nature (see list – *Form 2*) will be handled fully in accordance with legal requirements of our company's home country. All items that are of military nature will be handled at any time of their presence in the Czech Republic in a manner causing no conflict with the enforced legal requirements of the Czech Republic. Subsequent shipment of exhibited items out of the Czech Republic will take place no later than by the June, 10, 2019.

We hereby declare that all the material of military nature listed in the List of Exhibits (excluding material declared as "R" – type) has been deactivated or made inert to such an extent that is fully satisfactory to all legal provisions of our company's home country. A professional representative of IDET 2019 will be allowed to check deactivation of all exhibited material. We hereby declare that we accept all legal obligations and consequences arising from inadequate deactivation of exhibited military material.

If in doubt on any part of this form please contact: .....

**Explanation for column 8 filling**

**Type of exhibit:**

- R** *Actual weapons and ammunition* – their use for the display requires relevant licenses
- Q** *Inert weapons* – weapons and ammunition with permanently disabled functioning
- T** *Dummies* – temporarily deactivated weapons
- M** *Scale Models* – models in 1: 1 or other scales incl. cross section models
- P** *Other products* those are essential for army operation, but are not subject to import license (clothing, tents, hospitals, demonstration utilities, etc.)

**Purpose of use:**

- 1** For display during IDET 2019 only. Shipment out of the Czech Republic must immediately follow the termination of IDET 2019.
- 2** For display during IDET 2019 and subsequent display in exhibitions, shows or similar contractual events attended by the exhibitor within the Czech Republic. Shipment out of the Czech Republic must follow within 14 days after the end of the respective event. Event organizers will specify the length of a particular event and the expiry date of the exhibitor’s license accordingly.
- 3** For entire consumption during IDET 2019 or subsequent exhibitions, show or similar events within the Czech Republic. Event organizers will specify the duration of a particular event and the expiry date of the exhibitor’s license accordingly.

**COMPLIANCE OF PRODUCT EXHIBITED – EQUIPMENT BANNED**

Products and equipment exhibited at IDET 2019 must comply in all respect with Czech international undertaking (see directions for weapons, ammunition, military and security material exhibitors).

With respect to engagements undertaken by Czech Republic regarding embargoes ordered by the United Nations and European Union the following products as exhibits in whatever form they may take at IDET 2019 are **banned**:

- **anti-personal mines**: referring to the Ottawa Agreement of September 18, 1997 concerning the destruction of mines and banning their use, storage, production or transfer,
- **incapacity lasers**: referring to the Geneva Convention of October 10, 1980 banning conventional weapons causing excessive traumatic effects: protocol IV concerning blinding laser weapons, Vienna October 10, 1995,
- **cluster munitions**: referring the Oslo convention of December 3, 2008 banning their use.

## CONFIRMATION

We herewith confirm the completeness, accuracy and truthfulness of all information provided in the *Form 2* and we are aware of possible legal consequences arising from the provision of false or otherwise distorted information. Upon the request of competent authorities of the Czech Republic in charge of export/ import of material of military nature, we will provide additional information necessary for the issuance of an appropriate license.

Information about any changes in the above list of exhibits will be provided to the organizer of the IDET Exhibition 2019 in written form. We are aware that any changes in the above mentioned list can only be made with a prior consent by competent authorities of the Czech Republic. We will not import any other items apart from those given in the list of exhibits without a prior consent by the above-mentioned authorities.

## TECHNOLOGY SPECIFICATION OF MILITARY MATERIAL IMPORTED FOR IDET 2019 EXHIBITION

Code No.	Technology specification	Trade description of goods
----------	--------------------------	----------------------------

### 01 WEAPONS AND AMMUNITION

0101	<b>Small-bore weapons</b> (except revolvers a pistols)	Carabineers, rifles, submachine guns, machine guns
0102	<b>Another fire arms</b>	Cannons, antitank guns, howitzers, antiaircraft guns, rifles, mortars, rocket launchers, flame throwers, non-lethal weapons
0103	<b>Revolvers and pistols</b>	
0104	<b>Sports and hunting fire arms</b>	
0105	<b>Military weapons accessories and components</b>	
0106	<b>Accessories and components for revolvers and pistols</b>	
0107	<b>Another components for military weapons</b>	
0108	<b>Bayonets and cutting arms</b>	
0109	<b>Aerial bombs, artillery ammunition, mines, grenades, rockets and guided missiles, accessories, ground bombs</b>	Firing posts, mechanisms and instruments for manipulation, control and activation of bombs, artillery ammunitions, rockets and guided missiles
0110	<b>Small arms ammunition</b>	
0111	<b>Another ammunition for military purposes</b>	
0112	<b>Another cartridges and ammunition for no military purposes</b>	
0113	<b>Military weapons cartridge components</b>	
0114	<b>Explosives and materials for explosives</b>	Demolition charges, detonating caps and wires, ignition cartridges, demolition and explosive sets

### 02 OBSERVATION, TOPOGRAPHIC, FIRING CONTROL AND MARKING EQUIPMENT

0201	<b>Optic aiming, marking and fire control systems</b>	Target observation, aiming and marking systems, missiles guidance and control systems, parts and components
0202	<b>Distance and position measuring devices, altimeters, telescopes</b>	Apparatus for detection, reconnaissance or identification, sensory detecting systems
0203	<b>Aiming mechanisms and sights for artillery weapons, and aircraft bombing instruments</b>	
0204	<b>Compasses, navigational compasses, inertial navigational systems</b>	
0205	<b>Surveying topographical equipment, their parts and accessories</b>	Electronically, electro optical, gyroscopic, acoustic and optical instruments
0206	<b>Night vision equipment, lasers</b>	

### 03 TANKS, VEHICLES AND MEANS OF TRANSPORT

0301	<b>Tanks and armoured vehicles</b>	
0302	<b>Disengaging vehicles</b>	
0303	<b>Track-laying artillery prime movers</b>	
0304	<b>Special vehicles</b>	Ammunition transporters, amphibian trucks, engineer vehicles, repair trucks, motorcycles
0305	<b>Parts, components and accessories for vehicles</b>	
0306	<b>Steel body and chassis truck parts</b>	
0307	<b>Trailers, semi-trailers, vehicles without mechanical drive</b>	
0308	<b>Engines for military vehicles</b>	
0309	<b>Parts and components for military engines</b>	
0310	<b>Motor boats and hovercrafts</b>	

## TECHNOLOGY SPECIFICATION OF MILITARY MATERIAL IMPORTED FOR IDET 2019 EXHIBITION

Code No.	Technology specification	Trade description of goods
----------	--------------------------	----------------------------

### 04 AIRCRAFTS, HELICOPTERS AND PILOTLESS VEHICLES AND THEIR COMPONENTS

0401	<b>Aircrafts, helicopters, pilot less vehicles</b>	
0402	<b>Military aircraft main parts and systems</b>	Aircraft, helicopter and pilot less structural units, fuel system, cooling systems, air condition systems
0403	<b>Propellers, rotors and their parts</b>	
0404	<b>Landing gears, their parts and components</b>	
0405	<b>Avionics, board control equipment</b>	
0406	<b>Aircraft electric equipment and installations</b>	
0407	<b>Aircraft armament</b>	
0408	<b>Life-saving means</b>	Oxygen equipment, pressure suits, helmets, ejection systems, parachutes, training grounds
0409	<b>Aircraft and rocket engines, their parts and accessories</b>	
0410	<b>Tires for aircrafts</b>	
0411	<b>Training pilot cabins</b>	

### 05 ELECTRONIC MILITARY EQUIPMENT

0501	<b>Command and reconnaissance device</b>	Automatic systems of command and control, devices for monitoring identification, means of reconnaissance
0502	<b>Security technology and services</b>	Electronically means of security, transmitters with or without receivers, means of mobile security
0503	<b>Devices and systems for radio electronic warfare</b>	Active, passive and other jamming devices, absorption materials and anti-reflex coatings, deceptive devices
0504	<b>Radio locators and navigational instruments</b>	Active and passive radio locators and radio locating systems, radio navigational devices and systems, identificational and anti-collision systems, radar centres, radar and navigational receivers and transmitters
0505	<b>Security and protection of information</b>	
0506	<b>Military computers, recording and processing data and information, software</b>	C4I2 systems, automatic systems of command and control
0507	<b>Devices and accessories for electronic military equipment</b>	Analysis and processing of radar signals, imaging and radio locating information transfer systems, antenna systems, parts and components of electronic machinery
0508	<b>Service and modernisation of electronic equipment</b>	Repair centres, service centres, metrology centres, measuring instruments, imitators

### 06 CHEMICAL COMPOUNDS, TOXICOLOGICAL AND GAS MEANS, RESPONSIBLE DEVICES AND SYSTEMS

0601	<b>Synthetic corundum</b>	
0602	<b>Calcium hypochlorite and other hyper chlorites</b>	
0603	<b>Inorganic acid esters and their derivatives</b>	
0604	<b>Laminated plastic</b>	
0605	<b>Conditioning machines and instruments</b>	
0606	<b>Separators, filtering and cleaning instruments</b>	
0607	<b>Breathing apparatuses and gas masks</b>	
0608	<b>Gas and flue gas analysers</b>	

## TECHNOLOGY SPECIFICATION OF MILITARY MATERIAL IMPORTED FOR IDET 2019 EXHIBITION

Code No.	Technology specification	Trade description of goods
----------	--------------------------	----------------------------

**07 PERSONAL SECURITY AND PROTECTION**

0701	Military and policy clothing, rubber accessories, vulcanised accessories	Uniforms, parts of equipment, work clothing, protective clothing, acid-proof clothing, protection against nuclear, biological and chemical weapons
0702	Other textile products and goods for technical purposes	Means for packaging and protection of materials, camouflage kits (screens)
0703	Special suits from textile	Camouflage coveralls and suits
0704	Shoes with upper from rubber for special purposes	
0705	Head coverings from plastic materials for military purposes	

**08 PLANTS AND TECHNOLOGY FOR MILITARY TECHNICAL PRODUCTION, CONTROL AND REPAIRING**

0801	Plants for weapons production, technological centres	
0802	Military techniques repair, metrological and service centres	
0803	Means for diagnostics, technology and repairs	
0804	Handling and storage means	
0805	Other elements and means of servicing and modernisation	

**09 MISCELLANEOUS**

0901	Equipment for the supporting and direction of education and training	
0902	Simulators and training device	
0903	Specialised books, publications and Publisher	
0904	Software for military purposes	
0905	Booth graphic and equipment	
0906	Others	It is necessary exactly described and defined
