SILVA REGINA - Forest Protection by Economic Use

The SILVA REGINA International Forestry and Hunting Fair is an important showcase of the forestry and hunting not only in the Czech Republic but throughout the Central European region. At this fair, modern forestry equipment and the latest technology will be presented. In the supporting programme and at the stands of the 2022 session, the theme of forest protection will be highlighted, as well as sustainability, response to climate changes and bark beetle calamity. Hunting weapons and ammunition, equipment for gamekeepers and foresters, trophies and taxidermy will be presented in the gamekeeping part of the exhibition.

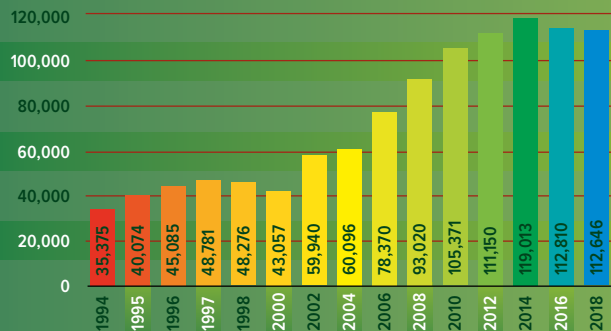

Meeting of foresters and gamekeepers

SILVA REGINA is not only a business opportunity and a specialist event, but also a community meeting of professionals and everyone else who united their lives with forest. This meeting has a unique atmosphere and programme.

In 2018, the **BIOMASS, SILVA REGINA and TECHAGRO** agrarian fairs were attended by **112,646 visitors from 39 countries of the world**.

SILVA REGINA was the main target for 21% of the visitors.

Development of attendance 1994 - 2018
