Children under 6	for free

INTRODUCTION ...

Dear Exhibitors,

We would like to draw your attention to the most important information and rules valid during the assembly period, the course of the event and the stand dismantling period. To ensure you have a smooth and trouble-free operation in all three stages we ask you to study in detail the Technical and Safety Regulations (see: <https://ikancelar.bvv.cz>).

GENERAL RULES

- **Car entry to the exhibition grounds – Gate 4 within operating hours.**
- **Drivers are obliged to respect the instructions of the security service.**
- **All vehicles must observe traffic signs on the exhibition grounds** (most importantly the ban on parking on marked areas and in front of entrances to exhibition halls) and leave the exhibition grounds following the end of the opening hours. Overnight parking on the exhibition grounds is not permitted. Parking trailers in the exhibition grounds after closing time is not permitted. Any breach of this regulation will be punished by a penalty of 5,000 CZK. The entry of vehicles into exhibition halls is prohibited. No entry of lorries and vans to the exhibition grounds during the course of the event.
- **If the rules for parking and the entry of vehicles to the exhibition grounds given above are violated**, BVV Trade Fairs Brno is entitled to tow away the vehicle in question to the reserved car park or fit the given vehicle with a wheel clamp. In such cases, BVV Trade Fairs Brno is likewise entitled to demand the payment of all costs associated with the application of these measures and a contractual **penalty of 5,000 CZK in addition.**
- A copy of the list of registered items, confirmed by the security service on entry to the exhibition grounds, must be submitted at the gate when leaving the exhibition grounds. The driver is, in the interests of protecting the property of BVV Trade Fairs Brno and other exhibitors, obliged to allow the contents of the luggage compartment of his vehicle to be inspected at the request of the security service. Any items discovered by the inspection in vehicles leaving the exhibition grounds that are labelled as the property of BVV Trade Fairs Brno that are not included on the list of items taken onto the exhibition grounds and that have not been confirmed by the security service on entry to the exhibition center, will be confiscated. The same applies to exhibits and other materials taken out through the gates.
- **Escape routes must be kept clear.** For safety reasons assembled and dismantled material, packaging and exhibits must not block communication between exhibition stands. Assembly work is permitted only in the exhibition halls. The production of items for assembly, surface painting, creating dust or other disturbing of exhibitors is prohibited in exhibition halls and will be subject to a penalty.
- **Waste disposal.** Use color-coded containers located outside exhibition halls for the disposal of sorted waste generated during assembly or dismantling of your stands. You can obtain more information on waste disposal at the front desk of the hall. For the disposal of an excessive quantity of sorted waste (glass, paper, plastics and wood), a proper container will be arranged by the hall manager at your request.
- **Receptions, cocktail parties and company presentations** on exhibition stands may be held only during the course of the event within daily opening hours of the exhibition hall, i.e. **to 5.00 pm.**
- **Acoustical and optical means of advertising and musical productions are permitted on your own stand only under the condition that they do not disturb neighboring stands, do not block communications and are not louder than 85 dB at**

the edge of the stand.

BVV Trade Fairs Brno may take appropriate action if these conditions are not observed, e.g. disconnect the supply of electricity to the stand following prior written notification. In such case the exhibitor has no right to the payment of any damages thereby incurred. For musical productions on exhibition stands, exhibitors are obliged not only to request the approval of BVV Trade Fairs Brno, but also that of the pertinent collective administrator of copyright (OSA, Intergram) in accordance with Law 121/2000 Coll., The Copyright Law, in its valid wording.

- **Placement of advertisements on the Exhibition Centre outside your own exhibition area is not permitted.** The mass distribution of printed advertisements or their dropping over the exhibition grounds from airplanes or balloons is not permitted without the prior agreement of BVV Trade Fairs Brno. Flights with advertising banners over the exhibition grounds are also not permitted. The broadcasting of advertisements on the exhibition grounds using Bluetooth or BTS cell transmitters is likewise not permitted without the prior agreement of BVV Trade Fairs Brno. You are entitled to promote your products and services on your own exhibition stand only. Any additional tidying and cleaning costs incurred will be charged to

the exhibitor in question. The use of means of advertising such as bicycles, skateboards, roller skates, scooters, two-wheeled handcarts and other means of motion (e.g. jumping boots, stilts) on the exhibition grounds is likewise not permitted without the prior agreement of the trade fair administration.

- We recommend you to **hand over the keys to areas you have locked to the hall reception desk** every day. If you do not do so, and a fire or a fault to equipment installed in the locked area is suspected, then you will pay any damages resulting from forced entry into the area in question.
- **Cleaning of stands** out of opening hours may be performed only by trade fair administration's contractual cleaning companies.
- **We recommend you to insure exhibits** (including packaging) against any possible damage or loss or recommend **individual stand security** (see Additional services). The trade fair administration will not be held liable for any such damages.
- **No entry to the Exhibition Centre** - the entry of motorcycles, bicycles, scooters, segways or with in-line skates or skateboards in the build-up and dismantling period and the course of the event is prohibited. **A set of Visiting rules of BVV Trade Fairs Brno applies in the course of the event.**

BUILT UP PERIOD

1. WORKING HOURS

24. 4. 2026 7.30 am – 8.00 pm

Ordered technical services (electricity, water, compressed air) are provided throughout working hours of the assembly period.

Assembly works must be completed no later than 24. 4. 2026 at 8.00 pm. From this time the electricity will be switched off, including the hall lighting.

2. ENTRY AND CAR ENTRY

Entry to the exhibition centre:

- Pass for assembly and dismantling

To be downloaded:
<https://ikancelar.bvv.cz>
2 pcs free of charge, next for a fee 150 CZK incl. VAT/pc

- Entry pass

To be downloaded:
<https://ikancelar.bvv.cz>
free of charge according to the size of the exhibition area, next for a fee 150 CZK incl. VAT/pc

Holders of an Assembly pass are obliged to wear it visibly while at the exhibition grounds, otherwise the trade fair administration is entitled to order the person not wearing this pass to leave the exhibition hall or the exhibition grounds.

Car entry:

- Pass for assembly and dismantling

- Car pass
- Deposit CZK 1 000,00 valid for a maximum of 4 hours, with the last entry to the exhibition grounds at 6.00 pm and the last exit at 8.00 pm. Otherwise the deposit is forfeited in full! The deposit is paid by drivers of cars and trucks. The deposit is not paid by holders of the Car pass.

3. CONSTRUCTION OF EXHIBITION STANDS

The official contractor for the construction of exhibition stands is BVV Trade Fairs Brno – Stand Construction and Services Department:

Jitka Nedomová,
+420 724 852 975,
jnedomova@bvvc.cz.

4. WIFI

A wireless network for mobile internet access is available in the halls. In the basic speed is possible to connect in the halls for free. This service operates as a standard WiFi – 802.11ac. You can purchase WiFi coupons (for basic speed 10 Mbit) with password and login for a one-day connection (250 CZK incl. VAT) or for the whole course of the event (500 CZK incl. VAT) at Central service for exhibitors.

The connection speed and quality are dependent on the number of users logged on. For which reason constant data transmission cannot be entirely guaranteed. In view of your request relating to guaranteed connection

speed, we recommend you to use our fixed Internet connection service, which you can order using the Order Block iESO.

Josef Dosoudil,
+420 541 152 810,
jdosoudil@bvvc.cz.

Exhibitors are not entitled to install their own Wi-Fi networks – this includes networks using their own Wi-Fi router installed on a landline connection set up by the trade fair administration and shared connections from mobile devices. Should the trade fair administration discover any violation of the above prohibition, it will demand that the exhibitor in question halts operation of the Wi-Fi network in question. The exhibitor will be obliged to terminate the use of the given device immediately (within 30 minutes at the latest of receiving the given demand). The trade fair administration is entitled to demand a contractual penalty to the amount of 10,000 CZK following the expiry of this period.

COURSE OF THE EVENT

1. OPENING HOURS

Entry to the exhibition center and to the hall:

Exhibitors: 25. + 26. 4.
2026 6.30 am - 6.00 pm
