GOLDEN AMPER 2027

ENTRY FORM FOR THE COMPETITION FOR THE BEST INNOVATIVE EXHIBITS AT THE 33RD INTERNATIONAL AMPER TRADE FAIR

AMPER®

STATUES OF THE COMPETITION

Article 1 – Promoters of the competition

The Electrical and Electronic Association of the Czech Republic announces the GOLDEN AMPER competition for the most valuable exhibits at the AMPER 2027 international trade fair. The competition is organized by Veletrhy Brno, a.s.

Article 2 – Objects of evaluation in the competition

The objects of evaluation are innovative exhibits, which means commercial produce (products, technologies, services) intended for the market, which are presented at the expo and are comparable to or exceed the world level.

Article 3 – Aim of the evaluation of exhibits in the competition

The aim of the evaluation is to award those results of creative work that have best materialized the results of research and development into an innovation – an innovation exhibit – a competitive commercial product on the market.

Article 4 – Procedure for the evaluation of exhibits in the competition

4.1 The exhibits are evaluated by an independent evaluation committee composed of experts in the presented fields. The members of the committee are appointed by the promoters and the organiser of the competition on the proposal of the chairman of the committee. The work of the commission is directed by its chairman. The work of the committee is not public.

4.2 The committee will evaluate the exhibits on the basis of a duly completed application form, taking into account the information materials provided by the applicant (technical documentation, photographs, brochures, professional articles, awards at exhibitions, etc.) and on the basis of the exhibitor's presentation of the product at the fair.

4.3 The competitor is responsible for the accuracy of the materials provided to the evaluation committee and is not entitled to invoke any content or wording of the materials other than those submitted to the evaluation committee.

4.4 During the evaluation, the evaluation committee has the right to request additional information about the registered exhibit; however, it may also use verified information obtained from other reliable sources for its evaluation and conclusions.

4.5 Up to 5 exhibits will be awarded without ranking.

4.6 If different exhibitors independently submit the same exhibit for the competition, one award may be granted to all of these exhibitors.

4.7 The competition organizer is not obliged to justify the committee's decision. The evaluation process is not public. There is no appeal against the decision of the evaluation committee.

Article 5 – Conditions of the competition

5.1 Submission of a duly filled-in Entry Form by the deadline.

5.2 Submission of the documents for evaluation by the deadline.

5.2.1 **Mandatory supporting documents (all electronic and hard copy):**
- Photograph (in jpg format) and description of the purpose and use of the exhibit (main function),
- short annotation describing the competition exhibit (max. 600 characters) in Czech and English,
- description of those functions and their parameters in which the exhibit is superior to a comparable competitive product on the market,
- documentation of compliance with legislative requirements.

5.2.2 **Supporting documents (all in electronic form):**
- Expert articles and publications on the exhibit,
- visualisation of the exhibit's operation (animation, video, etc.),
- list of users so far, or number of pieces sold,
- information on any awards already won,
- other information and promotional material on the exhibit at the discretion of the entrant.

5.3 Payment of the registration fee based on the invoice received from the organizer.

5.3.1 Amount of registration fee – **first entry (1 exhibit): CZK 5,000 without VAT. For each additional entry: CZK 4,000 CZK without VAT.**

5.3.2 **The Entry Form, evaluation documents and annotations must be delivered in electronic form to the address of the promoter: Jindřich Kurdiovský, e-mail: jkurdiovsky@bvv.cz by 1st March 2027 (deadline for entering). After the deadline for entering, the competition organiser will issue an invoice, on the basis of which the entrant will pay the registration fee.**

5.4 For the Entry Form, the Competition Articles, information on the required Annexes and other information please go to http://www.bvv.cz/amper.

5.5 All supporting documents (5.2.1 – mandatory documents, 5.2.2 – supporting documents, 5.2.3 – annotations) must be submitted solely in electronic form to **jkurdiovsky@bvv.cz**.

5.6 After meeting the conditions under Articles 5.1 and 5.2, the exhibit will be included in the official list of exhibits entered and evaluated in the competition.

5.7 The announcer and the organizer reserve the right to change the conditions of the competition. In this case, the organizer undertakes to inform the entrant without delay.

Article 6 – Criteria for the evaluation of exhibits in the competition

6.1 **Novelty of the exhibit**
1. pursuant to the law (patent, applicable pattern);
2. according to the novelty perceived by the customer and/or the manufacturer (incremental, technical, application, radical).

6.2 **Degree of inventiveness** in the exhibit
Invention is understood as the originality of the creative contribution to the design – the idea behind the innovation. The entrant shall describe in the commentary and the jury shall evaluate the degree of invention contained in the exhibit: adoption of a design, adaptation, transformation, creation of a new pattern.

6.3 **Differences of the main function** of the exhibit
The entrant shall describe, and the committee shall assess the difference in parameters/characteristics of the main function of the exhibit from the main function of a comparable product on the market.

6.4 **Differences of complementary functions** of the exhibit
The entrant shall describe, and the committee shall assess the differences of the number and degree of complementary functions performed by the exhibit from those of a comparable product on the market.

Article 7 – Publication of the results of the competition

7.1 The list of entered exhibits, the nominated exhibits, the list of members of the evaluation committee and the best evaluated exhibits will be published successively in print and on the organiser's website.

7.2 The results of the competition will be officially announced during a gala evening on 16th March 2027, where the awards – GOLDEN AMPER – will be handed.

7.3 The evaluation process of exhibits is not public. The promoters and the organizer of the competition will make the results of the competition available to the press, audio–video media, professional associations, chambers of commerce and other interested organizations and institutions.
