MEMBERS OF CDT ASSOCIATION:

Agile Europe, s.r.o. – Autonomous Industrial Minigrid/ Microgrid Systems, Off-Grid & On-Grid Solar Power Solutions, Battery Energy Storage Systems (BESS)

ALTA, a.s. - Technological units, Project engineering for open-cast/underground mining, mineral processing and other industries

DSP Přerov spol. s.r.o. - Crushing and screening equipment for aggregates, mining and recycling applications

ENELEX spol. s.r.o. - Online coal quality analyzers, Automatic belt samplers, Auger sampling stations, Coal Quality Management Systems (coal blending/sorting), Thermovision systems

Ferrit s.r.o. - Development, manufacture and service of a complete range of machines and equipment designed for easier, safer and more efficient transport of people and material in all types of mines

First Green Industries a.s. - Manufacturer of the first fully electric, zero emission, low noise and remotely operated skid steer loaders in the world.

Hansen Electric spol. s.r.o. - Complete electrical solution for underground mining: Explosion-proof power and distribution electrical equipment, Intrinsically safe automatic systems for longwalls and belt conveyors, ATEX certification

INCO engineering, s.r.o. - Manufacturer and supplier of all types and sizes mining hoists, winders and vertical transport equipment

NOEN, a.s. - Development, Design & Production of Bucket Wheel Excavators, Conveyor Belt Systems, Loading systems, Transfer Carriages, Coaling systems & Stockyard Systems

PD profi, s.r.o. - Design, production, sale and service of pneumatic and hydraulic hand tools, handling equipments and small mechanization

MEMBERS OF CDT ASSOCIATION:

PE Holding, s.r.o. – Design and Production of Electrical Equipment for Technologies -Transformer stations, Technological Substations, HV Kiosks, HV and LV Switchboards, Control desks and panels, Cabins and Monitoring rooms, Systems for pumping industrial, mining and waste water, dewatering systems

RPS Ostrava a.s. - Coal processing plants, Processing plants for other minerals, Transport and handling of bulk materials

Řetězárna a.s. - Chains and components for mining industry, Tyre protection chains

Stros a.s. – Construction hoists and industrial elevators for vertical transport of people and materials

TRANSROLL - CZ, a.s. - Conveyor rollers, Garlands, Idler stations

Transys spol. s r. o. – design and delivery equipment for heavy duty and inter-operational transport of both loose materials and unit loads on turn key bases. Enclosed belt conveyor SICON type. Special machines for aluminum, mineral wool and maintenance aircraft industry. Steel structure design, static calculation and delivery.

ZAM - SERVIS s.r.o. - Electrical equipment and safety systems with ATEX for mining

ZVVZ MACHINERY a.s. - Ventilation systems for mining and power plants, Filters

ŽDB DRÁTOVNA a.s. - Steel wire ropes for deep shaft and surface mines

VSB - Technical University of Ostrava - Connecting technical, economic, natural sciences and artistic disciplines in modern study programmes for more than 170 years
