# Celebration of the fiftieth year

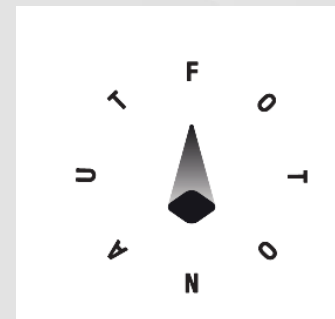

This May we celebrated the 50th year of Minerals Brno. This event has come a long way since its first edition in 1998. Exhibitors were reminded of this anniversary with bottles of Moravian Pálava wine and other activities related to the anniversary were prepared for visitors. On Sunday morning we took a commemorative photo with the exhibitors.

# Celebration partners

Our birthday celebrations were joined by Fotonaut with the funniest photo booth in the universe and Vinařství Červinka with wine that has the energy of the South Moravian sun and the power of Pálava limestone. The connection with these partners was also appreciated by visitors who could take a souvenir photo or taste and buy regional wine.

# Greater visitor interest

The number of visitors to the Minerals Brno in May exceeded the seven thousand mark. This record result is a commitment for us for the next years and a signal for the exhibitors that there is interest in the field and that in the next years our main goal will be to create the best possible sales conditions.

**The next edition** of the MINERALS BRNO  
exhibition will take place in November 2025
